Objective

I am a Junior Software developer who holds a NQF level 7 Advance diploma in information and communications technology. I have more than 7 months working experience as a developer.

Experience

- **XRA (PTY) LTD**   2024/01/02 -
  Junior software developer
  I am working with a Software as a service platform to build enterprise resource planning applications. My main role as a junior software developer is to do the backend using python as my main coding language so far I have collaboration in projects that involve manufacturing, recruitment and stock management.

- **Innovate Durban/DSI-HSRC**   2023/07/3 - 2023/12/31
  UI/UX Designer Intern
  My main tasks was to regularly update existing websites with new content using Wix and WordPress. I also help program participants with prototyping their solutions and I am also currently building a mentoring portal using PHP and MySQL.
